Other -

KPR policies are reviewed every five years to ensure they remain up-to-date, relevant and responsive. The Board's School Councils, Regional School Councils, and Volunteers policies have been reviewed with suggested updates and revisions.

Prior to final approval of these revisions, school council members, volunteers, families and community members are invited to share their feedback online on the three policies and associated administrative regulations by May 26, 2025 at [www.kprschools.ca](http://www.kprschools.ca)

One notable change being proposed to the Volunteers policy to support volunteer participation and reduce barriers (cost and wait time) to volunteering, is the adoption of an initial police record check followed by annual offence declarations. This change will support volunteers who wish to contribute to school communities on a continual year-over-year basis.
